SUMMARY

Product Designer and graduating Electronics & Telecommunication Engineering student completing the ProdXVerse 12-week UI/UX and SaaS design curriculum. Applied user research, information architecture, wireframing, prototyping, usability testing, and design systems with Figma, FigJam, Miro, HTML5, and CSS3. Developed SaaS experiences for dashboards, onboarding, RBAC, billing flows, and responsive interfaces.

SKILLS

- **Product Design:** User Research, Information Architecture, User Flows, Wireframing, Prototyping, UI Design, Usability Testing, Design Systems, SaaS Product Design
- **Design & Product Tools:** Figma, FigJam, Miro, Notion, Microsoft Clarity, Balsamiq
- **Technical Foundations:** HTML5, CSS3, Responsive Design

PRODUCT DESIGN PROGRAM

ProdXVerse - Desisle | Product Design Program

- Completed practical training in user-centered product design across a 12-week UI/UX and SaaS design curriculum.
- Applied design thinking, user research, Mom Test interviews, affinity mapping, personas, empathy maps, journey maps, JTBD, and competitive audits.
- Created information architectures, sitemaps, user flows, wireframes, high-fidelity mockups, interactive prototypes, usability tests, and design-system components in Figma.
- Studied accessibility, inclusive design, UX writing, HTML5, CSS3, Flexbox, CSS Grid, responsive design, design tokens, and developer handoff.
- Developed SaaS design knowledge covering dashboards, multi-tenancy, RBAC, onboarding, empty states, billing flows, product-led growth, and product metrics.

PROJECTS

SaaS Dashboard & Onboarding Experience | Product Designer

Jan 2025 - Feb 2025, Remote, India

- Conducted user research and created personas, journey maps, information architecture, and user flows for a SaaS dashboard and onboarding experience.

- Designed wireframes, high-fidelity screens, interactive prototypes, and reusable design-system components in Figma.
- Addressed key product areas including role-based access control, empty states, onboarding guidance, and responsive dashboard layouts.
- Performed usability testing and refined the experience based on user feedback.

Responsive Product Landing Page | UI/UX Designer & Front-End Developer

Feb 2025 - Mar 2025, Remote, India

- Designed a responsive landing-page experience from user flows and low-fidelity wireframes through high-fidelity UI screens.
- Translated the approved design into a semantic HTML5 and CSS3 implementation using Flexbox, CSS Grid, responsive breakpoints, and reusable design tokens.
- Created responsive layouts for desktop, tablet, and mobile viewports while maintaining visual consistency and accessibility considerations.
- Reviewed the implementation against the design and refined spacing, typography, and component behavior.

EDUCATION

B.E. in Electronics & Telecommunication Engineering | SSBT College of Engineering

Jalgaon

- Pursued a B.E. in Electronics & Telecommunication Engineering at SSBT College of Engineering, Jalgaon.
- Continued engineering studies while developing a foundation relevant to digital product design.

Diploma in Electronics & Telecommunication Engineering | Government Polytechnic

Jalgaon

- Completed a Diploma in Electronics & Telecommunication Engineering at Government Polytechnic, Jalgaon, earning an 83% grade.
- Established an academic foundation in electronics and telecommunications before pursuing a B.E.
